

# Animal Health and Nutrition during dry times

## ***ONE-ON-ONE SUPPORT***

### **Support information**

Dr. Neil Leighton – a livestock vet of some 30 years' experience – is available to support animal health and nutrition decision making of King Island producers.

**Dr Leighton will be on King Island 4 to 6 June 2024, and regular trips to follow**

### **You may wish to discuss**

- Management of in calf or lactating cows
- Monitoring of stock condition
- Understanding nutritional requirements and management
- Parasite control
- Animal health management (vaccines and diseases)
- Humane euthanasia of livestock

To book contact Jac Shipton

**Phone: 0418 123 695 or  
email [jacqueline.shipton@tasfarmers.com.au](mailto:jacqueline.shipton@tasfarmers.com.au)**

*These session are for general information, any individual animal needs should be discussed with your local veterinarian.*
