Raymond West Scholarship Winners Announced

Each year, the Local Government Professionals Federation runs the Raymond West Scholarships program, giving emerging local government leaders the chance to attend the National Congress and Business Expo.

Raymond West was the founder of the LG Professionals Australia federation in 1936 and these scholarships are offered in honour of his legacy.

The scholarship program funds two people from each state to attend the Local Government Professional's National Congress, which will be held in Canberra from 22-24 August 2018. This program is jointly supported by national and state associations.

Jan Davis, CEO of Local Government Professionals Tasmania, said the judges were impressed with the number and standard of applicants this year, and they found the process of narrowing down a large applicant pool very challenging.

"We're pleased to announce this year's winners: Amy Clemons and Geoffrey Stick. Amy is front of house as customer service officer at King Island Council. Geoffrey manages a team of 25 parking officers at the City of Launceston."

"The Congress will be an exciting skills development opportunity for Amy and Geoff and enhance their ability to move ahead in their chosen career," Ms Davis said.
