KING ISLAND COUNCIL

1. Purpose

To meet the obligations of S.28(2)(b) of the Tasmanian Local Government Act 1993, which requires “The councillors of a council collectively ... to **determine** and **monitor** the application of **policies**, plans and programs for –

- i. The efficient and effective provision of services and facilities; and
- ii. The efficient and effective management of assets; and
- iii. The fair and equitable treatment of employees of the council.

And as presented by S28(2)(a) such policies should refer to strategic issues, not operational procedures or processes.

Through its Strategic Plan, Council aims to achieve certain objectives and sets out the approach that will be used to do so. Council’s Policies set out how it will respond to given situations as they arise, and therefore are essentially reactive. Procedures describe how a Policy will be put into action.

Policies:

- Change infrequently
- State who, what, when, or why
- Are broad and general

Procedures:

- Continuously change and improve
- State what, how, when, or who
- Offer a detailed description of activities

- iii. Where possible, a measurable standard will be included in the policy to allow councillors, as required by S28(2)(b), to monitor the ongoing achievement of the policy.

- v. All policies of Council are to be published on the Council website and otherwise made available for public scrutiny.
