## **P O L I C Y**

It is Council policy to promote the employment of young school leavers and the youth of the Island as apprentices, trainees etc and that such policy will be reviewed in conjunction with the consideration of annual budgets. Such apprentices are to be notified at the time of commencement of duties that no guarantee can be given for permanent employment beyond the term of the apprenticeship contract. It is expected that Management will vigorously pursue funding from outside sources for this particular policy of the Council.
