The KILPS does not list any heritage places or precincts. This code will not apply to use and development.

The overlay maps does not identify a scenic protection area or a scenic road corridor. This code will not apply to use and development on King Island.

The overlay maps show the airport noise exposure area. However the airport obstacle limitation area cannot be found on the overlay maps.

The Council had difficulty locating the applicable geographic information system layer to include. The Council has digitised this layer but not in time to be included with the exhibited material.

KILPS does not contain TasNetwork infrastructure for power supply. There is no overlay map showing an electricity transmission corridor, communication buffer area or substation facility.

The KILPS does not contain an overlay showing the flood-prone areas hazard for the municipality. The Council may request information to address this code if it is subject to risk from flood or that has potential to cause
