

TITLE

C116 WORKS PROGRAM

DEPARTMENT

Corporate Services & Engineering Services

POLICY DIRECTIVE

To encourage the use of Forward Planning by projecting works programs into the future.

HISTORY

Council Resolution No 263/93 adopted at the Ordinary Meeting on 18 May 1993

Council Resolution No 176/00 adopted at the Ordinary Meeting at the 18 April 2000.

Council Resolution No 449/01 adopted at the Ordinary Meeting on 16 October 2001.

POLICY

That Council prepare, implement and maintain a Rolling Works Program to record major works and projects, which may be undertaken in the future.

(The use of forward planning helps to reduce pressure from groups and individuals, as they know that particular items of interest are listed for action in the future. A rolling works program is an agreed list of works, which has been approved for various action in the years ahead. This program is reviewed annually in conjunction with the Annual Estimates and items may be deleted or included in the Budget Program for the following year.)
